

## Code ETL6KWH – 6KG Top Load Washer

### DELAY START FUNCTION

The 0-24 hour delay start function will offer you the flexibility to choose when you want to start your washing cycle.

### MEMORY FUNCTION

If the power supply suddenly turns off during operation the machine remembers the current operation position and remaining time. Once the power turns on the machine will automatically return to its former position.

### AUTO POWER SHUT OFF

If the machine does not begin a cycle within 10 minute after being powered on, it will automatically shut off. The machine will also sound 6 times at the completion of a cycle and then power off.
