## PRODUCT DIMENSIONS

640mm Wide x 684mm Depth x 1085mm High

## KEY FUNCTIONS

### FUZZY WEIGHTING FUNCTION

This washing machine is equipped with a fuzzy weighting function that automatically selects the water level according to the load weight and reduces the water consumed.

### DELAY START FUNCTION

The delay start function will offer you the ability to set a delayed wash starting to take advantage of off peak power savings.

### MULTI DISPENSER DRAWER

The multi dispenser drawer is for fabric softener, detergent (liquid, powder) and bleach.

### FAVORITE WASH PROGRAM

The favorite wash program allows you to set a frequently used favorite wash cycle.

### FAST CLEANING SYSTEM

The fast cleaning system will operate on the following wash cycles: Normal/Soft/Mixed/Strong/Jeans. It is designed for lightly soiled garments and will reduce the wash time & energy.

### QUICK 15

This washing machine is equipped with a Quick 15 function that allows you to wash small loads in 15minutes (ideally very light soiled fabrics) or if you simply want to reduce odors from fabrics. It will save time and energy.

### ONE TOUCH SMART WASH

The washing machine will wash loads automatically by turning on power select start button and adding the correct dose of detergent according to the soiling of the fabric.

## INSTALLATION INFORMATION

Please refer qualified installer to our product instruction manual.

## FILTER CLEANING INFORMATION

Wash filter: requires cleaning regularly. This ensures best washing results.
