DIY LAUNDRY RENOVATION

CHECKLIST | PERTH

Plan your laundry

Tick each item as you go. Bring this sheet to the showroom or your tradie meetings.

1 Layout & measurements

- [ ] Decide what stays, what goes and what needs replacing.
- [ ] Measure wall lengths, ceiling height, doors and windows.
- [ ] Record washing machine and dryer sizes, including clearances.
- [ ] Mark water, waste, power and ventilation positions.
- [ ] Check appliance doors, drawers and cupboard opening space.
- [ ] Check for damp, damaged surfaces or other issues to resolve.

2 Product decisions

- [ ] Base cabinets: sizes, finish and drawer/cupboard combination.
- [ ] Wall/tall cabinets: sizes, locations and suitable wall fixings.
- [ ] Benchtop: length, depth, material and sink cut-out.
- [ ] Laundry sink/tub: style, size and plumbing compatibility.
- [ ] Tapware and appliance taps: placement and finish.
- [ ] Splashback, handles, accessories and finishing materials.

DIY LAUNDRY RENOVATION

CHECKLIST | PERTH

Get ready to renovate

Keep the DIY jobs moving and book licensed trades for the work that needs them.

4 DIY & tradie responsibilities

- [ ] List the DIY jobs you will complete and the tools you need.
- [ ] Book a licensed plumber for required supply, waste and connections.
- [ ] Book an electrician for any fixed electrical work.
- [ ] Check suspect older materials before disturbing them.
- [ ] Confirm any repairs, tiling or wet-area preparation required.

5 Ordering & work sequence

- [ ] Confirm final cabinet layout, measurements and product compatibility.
- [ ] Check product stock, delivery dates and room access.
- [ ] Arrange service disconnections before suitable demolition.
- [ ] Complete surface repairs and required trade preparation.
- [ ] Allow required drying or curing time before cabinet fitting.
- [ ] Level and securely fix cabinets; fit compatible benchtop and sink.
- [ ] Arrange final plumbing/electrical connections as required.

6 Final checks & notes

- [ ] Test doors, drawers, appliance access and ventilation clearances.
- [ ] Check visible leaks, finishes, handles and completed trade work.
- [ ] Keep manuals, product warranties and relevant trade documents.
